Bare Offset Chassis	001-100-1	\$2,195.00
Bare Truck Chassis	001-100-4	\$2,395.00
Bare NASCAR Perimeter Chassis (NASCAR Touring Series Legal)	001-100-5	\$2,595.00

Pathfinder chassis' are constructed with 100% high quality D.O.M. tubing to increase strength and reduce flex

Bare Chassis Includes:

- 1/8" steel floorboard
- (2) slider weight boxes
- (over 20) threaded weight slugs
- brake line tabs
- floor mount pedal plate
- driver leg plate
- (2) driveshaft hoops
- steering column support
- bolt-on RS door bar assembly (offset only)

Chassis Options:

Oil Tank Mounts-Inst.	001-101-02	\$62.00	Hanging Pedal Bracket	001-101-21	\$175.00
Radiator Mounts-Inst.	001-101-03	\$40.00	Powdercoat Chassis	001-101-22	\$495.00

Pathfinder Chassis 5x5 Spindles

\$174.95

8-3/4" Tall 2-1/2" Drop
 Right Side: 5/8" threaded
 Left Side: slotted for adjustable ackerman

RS, XL Brake Bracket 001-250-11-212
 LS, XL Brake Bracket 001-250-11-213
 RS, GM Brake Bracket 001-250-11-222
 LS, GM Brake Bracket 001-250-11-223

Custom sizes available upon request; we will check PC spindles for straightness free of charge!

Pathfinder Chassis 9" Clamp-On Trailing Arm Bracket

001-240-1012 \$66.95

Pathfinder Chassis Adjustable Clamp-on Trailing Arm Bracket

001-240-1015 \$199.95

slotted bracket & threaded adjuster allow for trailing arm angle changes without loosening a bolt – the easiest, fastest adjuster on the market; angled slot keeps rearend square

Pathfinder Chassis 3rd Link Brackets

4-hole
 027-006-1
 \$58.95

Slotted
 027-006-2
 \$58.95

3" Setback
 027-006-3
 \$69.95

Clamp-on Trailing Arm Bracket for 5" O.D. Springs

Right Side 004-319-9022 \$69.95
 Left Side 004-319-9011 \$69.95

Bare Clamp-on Brackets

2-1/2" wide x .120 wall – 2 bolts 001-241-100 \$20.00
 2-1/2" wide x .120 wall – 4 bolts 001-241-101 \$25.00
 1-1/2" wide x .188 wall – 2 bolts 001-241-102 \$22.50

Pathfinder Chassis Clamp-on XL Brake Bracket

001-240-102 \$36.95

lightweight design – weld-in threaded slugs reduce flex & help prevent stripping

Clamp-on GM Brake Bracket

004-340-28 \$32.00

Pathfinder Chassis Clamp-on Trailing Arm Bracket

001-240-101 \$59.95

slotted shock sleeve allows for quick shock changes using only one wrench; 4-bolt clamp design improves strength

Upper Spring Cup

004-304 \$8.25

uses 5" or 5-1/2" springs

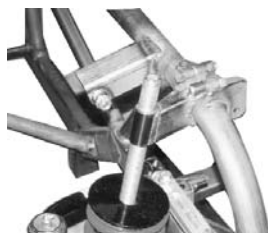

Weight Jack Bolts

8" Steel	004-300-8	\$8.00
11" Steel	004-300-11	\$8.50
12" Steel	004-300-14	\$12.00

1" coarse thread; uses 1/2" extension to adjust

Front Clamp-on Wedge Bolt Bracket

Right Front	001-320-100	\$29.95
Left Front	001-320-101	\$29.95

Designed to clamp on the 1-3/4" bay bars; 2-1/4" long machined wedge bolt sleeve to help prevent stripping; 3 bolts for improved strength; 1" coarse thread; used on '02 & newer PC 5" spring cars or convert an existing coil over car to 5" springs

Rear Clamp-on Wedge Bolt Bracket

Right Front	001-320-200	\$29.95
Left Front	001-320-201	\$29.95

Designed to clamp on the 1-1/2" shock bar; 2-1/4" long machined wedge bolt sleeve to help prevent stripping; 3 bolts for improved strength; rear shock mount incorporated in this bracket; 1" coarse thread; used on '02 & newer PC 5" spring cars or convert an existing coil over car to 5" springs

Pathfinder MACHINING

Pathfinder has committed itself to a complete line of machinery parts in-house. Our CNC equipment & computerized CAD programs allow us to manufacture & design our own parts.

We are always happy to help design or machine any custom parts for our dealers or customers. Feel free to give us a call to arrange custom machining to fit your needs.

Adjustable Panhard Bars

square your rearend in a matter of minutes - simply loosen jam nuts and turn hex tube to adjust rearend from side to side; hoop style construction provides superior strength in a lightweight design

Standard Adj. Panhard Bar

Bare	001-230-100	\$55.95
Complete w/premium heims		\$109.70
Complete w/aircraft heims		\$143.70

Long Adj. Panhard Bar

Bare	001-230-101	\$57.95
Complete w/premium heims		\$111.70
Complete w/aircraft heims		\$145.70

Pinion Mount Adj. Panhard Bar

Bare	001-230-102	\$57.95
Complete w/premium heim		\$111.70
Complete w/aircraft heim		\$145.70

standard panhard bar is designed to mount on the axle tube with the bracket mounted against the side bell

long panhard bar is designed to mount on the axle tube with the bracket mounted upside down from the standard position

pinion mount panhard bar is designed to mount on the pinion of the quick change

Complete w/premium heims:

Add: (1)027-2442-7, (1)002-EXML12, (1)002-EXMR12, (2)L082-310-6, (1)L082-310-6L

Complete w/aircraft heims:

Installation at Very
Reasonable Prices**

Quick Change Rear End Service

Pathfinder Chassis can perform any type of quick change service needed, including: tube straightening, tube replacement, bearing replacement, ring & pinion service, and clamp-on bracket installation

Pathfinder Chassis also features a dedicated rear end "clean room" to provide a consistent, clean environment for the internal parts of your quick change during repair

Also Offers:

- Quality chassis repair service on all brands of chassis featuring very fast turnaround time!
- Complete chassis setup service, including roll center analysis.
- Complete race ready car assembly and fabrication.
- Custom fabrication work.

Service Requirements

All chassis repair, rear end repair, and complete setup service is scheduled by appointment on a first call, first serve basis. To avoid additional labor charges, please follow these instructions:

Chassis Repair: *remove all body work, brake lines, oil lines, wiring, and grease from the repair area*
remove fuel cell and drain fuel lines and filters
remove engine, suspension, and lead

Rear End Repair: *drain gear lube in center section and gear cover*
remove quick change gears and clean outside of rear end

Complete Setup: *complete setup includes: set ride heights, camber, caster, bump steer, toe, suspension squaring, rear end angles, and scaling; all other services extra*
car must be race ready (full of fuel, water, & oil; have the recommended shocks & springs on; have all lead drilled & ready to bolt on the car

TIGHT IN CENTER OF CORNER

Raise both sides of panhard bar in 1/4" increments
Stiffen RR spring
Soften LR spring
Soften both front springs (try to keep a 25# split)
Take out a small amount of diagonal (never more than 1 percent total)
Decrease preload on stabilizer bar
Increase rear stagger (never more than 1/2" of recommended)

LOOSE IN CENTER OF CORNER

Lower both sides of panhard bar in 1/4" increments
Soften RR spring
Stiffen LR spring
Stiffen both front springs (try to keep 25# split)
Increase diagonal (never more than 1 percent)
Increase preload on stabilizer bar (never more than 1-1/2 turns total)
Decrease rear stagger (never more than 1/2" of recommended)

LOOSE ON ENTRY

Increase preload on stabilizer bar (never more than 1-1/2 turns total)
Flatten out RR trailing arm angle (be sure to re-square rear end)
Decrease upper link angle
Increase RF spring rate
Lower both sides of the panhard bar in 1/4" increments
Decrease rear stagger (never more than 1/2" of recommended)
Decrease front stagger & increase diagonal together
Stiffen LR spring
Soften RR spring

LOOSE ON EXIT

Lower both sides of panhard in 1/4" increments
Decrease rear stagger (never more than 1/2" of recommended)
Decrease RR trailing arm angle (be sure to re-square rear end)
Increase LR trailing arm angle (be sure to re-square rear end)
Increase preload on stabilizer bar (never more than 1-1/2 turns total)
Increase rear weight percentage
Soften RR spring
Stiffen LR spring
Increase upper link angle

TIGHT ON EXIT

Soften LR spring
Stiffen RR spring
Decrease upper link angle
Decrease LR trailing arm angle (be sure to re-square rear end)
Increase RR trailing arm angle (be sure to re-square rear end)
Increase rear stagger (never more than 1/2" of recommended)
Decrease preload on stabilizer bar

WHEN ADJUSTING DIAGONAL TRY TO USE THIS METHOD

LF	1/2 turn on	1/2 turn off	RF
LR	3/4 turn off	3/4 turn on	RR
	(to decrease diagonal)		

LF	1/2 turn off	1/2 turn on	RF
LR	3/4 turn on	3/4 turn off	RR
	(to increase diagonal)		

Doing this procedure will keep your ride heights nearly the same. Do not check ride heights at the track, only check them at your shop to avoid inconsistency.

Do not re-check stabilizer bar at the track, only add or decrease.

Be sure toe is always set at 1/8" out with driver in the car.

Never change caster only. Changing caster changes bump steer.

Try to stick with our basic shock set-up. Call us to talk about any specific shock questions.

Feel free to call us during the week to talk about your individual set-up questions and problems.

PAYMENT

Unless otherwise approved, all orders must be prepaid or C.O.D. (money order or certified check) Personal checks accepted upon approval. Returned non-sufficient funds checks will be charged a \$25 service fee. Any accounts past due are subject to a 1.0% finance charge per month. All prices are F.O.B. our plant. Prices are subject to change without notice. Delinquent accounts will be turned over to collections.

SHIPMENT

Pathfinder Chassis offers daily UPS service. All orders received before 3 p.m. C.S.T. will be shipped the same day. This excludes special orders & out of stock merchandise.

RETURNS

Merchandise may be returned for credit within 30 days of purchase. A minimum 15% restocking fee may be applied to returns. Merchandise must be in the same condition it was when sold. Returns must be pre-approved by P.C. & a copy of the invoice must accompany the parts. Returns may only be made on items that we stock – there are no returns on any special order items.

SPECIAL ORDERS

We can place special orders for products sold by our vendors that we do not regularly stock. All special orders on non-stock items require a 50% deposit.

In some cases you may also have to pay shipping charges. There are no discounts on any special order items and they may not be returned.

WARRANTY & DISCLAIMER

Pathfinder Chassis, Inc. will replace or repair any P.C. product found upon our inspection to be defective in material and/or workmanship within 60 days of purchase. Exclusions to this warranty are, but not limited to: improper installation, modification or alteration, misuse or intentional damage and any case in which a part or component has been damaged as the result of an accident or as a result of use beyond its normal useful life. Pathfinder Chassis, Inc. will not be responsible for any loss, damage or injury from any case, including defects of Pathfinder components and any other products sold by Pathfinder Chassis. In all cases, Pathfinder's consequential damages with respect to economic loss or injuries to persons or property, whether as a result of breach of expressed or implied warranty, negligence or otherwise. Auto racing is an inherently dangerous sport in which the purchaser assumes all responsibility for damage, misuse or malfunction of parts after installation. Products sold by Pathfinder Chassis are not intended or approved for highway use. Purchase and/or use of Pathfinder Chassis products implies recognition & acceptance of this entire warranty & disclaimer by consumer.
